East Jakarta, DKI Jakarta, Indonesia

I am currently an undergraduate student at Bina Nusantara University majoring in Computer Science and have chosen Mobile Programming and Software Engineering as my minor. I am eager to learn something new and gain experience in order to broaden and improve my knowledge.

Activities and experiences

Jatis Mobile | PT. Informasi Teknologi Indonesia - Jl. Mampang Prapatan Raya No.3, Jakarta Selatan 12790

Oct 2021 - Feb 2022

Frontend Developer Intern

Jatis Mobile is a technology solution company, focused on messaging solutions and digital distribution, gaining market experience and insights since 2002. Jatis Mobile's client portfolio builds up to more than 500 corporate clients.

- During my internship at Jatis Mobile, I managed to become one of the top four interns with the best scores.
- I gained experience in the fundamentals of front-end web programming from professionals there using HTML, CSS, Bootstrap, and Javascript.
- I contributed to the development of Jatis Mobile's contact page at <https://jatismobile.com> using Bootstrap 5.
- Using Laravel, I converted the developed page into a CMS form.

Hackathon 4.0 - Tiket.com x Universitas Bina Nusantara

Jul 2021

Participant

Hackathon is a website design and development competition organized by tiket.com and Bina Nusantara University. Business professionals supervise and provide mentoring throughout the website development process.

- Developed a website concept based on a set theme, and with the help of industry professionals, I studied website development from a system and business perspective.
- Using HTML and CSS, I created a design for a website display with the topic "staycation."

SJNG Group

Jun 2020 - Jan 2021

Freelance Lyrics Production

a private company that creates lyrics for recently released songs available in multiple languages, including Indonesian, English, and Japanese

- I made a translation and lyrics for the tracks that the system provides.
- I utilize a specific software provided by the supervisor to match the lyrics to the tracks according to the verse.

Indonesia National Contest 2020 - ICPC Foundation

Nov 2020

Participant

ICPC Indonesia National Contest is a national programming contest that serves as the online preliminary round for Indonesian teams to advance to the 2020 ICPC Asia Jakarta Regional Contest

- I answered 3 of the 10 questions correctly, placing me 171st out of the many competitors.

Education Level

Bina Nusantara University - Jl. Kebon Jeruk Raya No. 27 Kebon Jeruk Jakarta Barat 11530

Jul 2019 - Jul 2023 (Expected)

Undergraduate in Computer Science, 3.65/4.00

- I took part in the online teaching volunteer program conducted by Teach For Indonesia to aid in the education of elementary school students during the COVID-19 quarantine period.

Frontend Web Development Bootcamp - Progate

Sep 2021 - Oct 2021

Certificate in Bootcamp

- I am familiar with how to present a web page.
- I am now knowledgeable about publishing web pages to GitHub.
- I've studied HTML, CSS, and JavaScript in depth.

SMAN 61 Jakarta - Jl. Taruna Pahlawan Revolusi Pondok Bambu, Duren Sawit

Jul 2016 - Jul 2019

High School Diploma in IPA

- I took part in committee work for successful school events or programs.
